Montreal Fashion Week Day 2: Nisse, Ralph Leroy and Martin Lim

BY JENNIFER NACHSHEN

Nisse

Though we wouldn't call it the most original, this was one collection we could easily imagine in our closets. Featuring leather and lace, bustiers and business suits in body-conscious tailoring, **Nisse** is wearable fashion for the working woman who likes her look to include a *souçon* of sexy. Our fave? The red and black lace dresses from the finale. We'll take one of each, please.
